Dear Sir:

Petitioner, Microsoft Corporation, a corporation organized and existing under the laws of the State of Washington and having its primary place of business at One Microsoft Way, Redmond, Washington, represents that it is the owner of the entire right, title and interest in U.S. Patent Application Serial No. 10/824,068, filed on April 13, 2004 and entitled VOLUME CONFIGURATION DATA ADMINISTRATION, by virtue of our assignment recorded at Reel 010427, Frame(s) 0223. Attached herewith is a Certificate under 37 C.F.R. § 3.73(b) establishing Microsoft's right as assignee to take action.

Petitioner, Microsoft Corporation, hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term of U.S. Patent Nos. 6,553,387 and 6,735,603 and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent

In making the above disclaimer, Petitioner does not disclaim the terminal part of any patent granted on the above-identified application that would extend to the full statutory term as presently shortened by any terminal disclaimer of United States Patent Nos. 6,553,887 and 6,735,503, in the event that United States Patent No. 6,553,887 or United States Patent No. 6,735,503 expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321(a), has all claims cancelled by a reexamination certification, or is otherwise terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

For submissions on behalf of an organization (e.g. corporation, partnership, university, government agency, etc.), the undersigned (whose title is supplied below) is empowered to act on behalf of the organization.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
